Subject: Thank You!

Dear Carol and Golden Rule Catering,

I can't thank you enough for making our wedding night as perfect as it was.

As a writer, I'm not used to grasping for words, but our whole experience with you, from the time of our first consultation, to wrapping up the ends of our reception, was so perfect that I would have a hard time describing how comfortable you made me feel, how well you treated us, and how spectacular the end result was.

We were dazzled by your presentation and the fantastic food and we glowed with the compliments of all of our guests (people are still telling us how much they loved the food). But more than that were the little details that you tended to – not meant to dazzle – but to carry the night off seamlessly. Your wait staff was professional, kind and well dressed, Our guests felt taken care of, and my mother, who wanted to orchestrate the evening herself, felt so good leaving all the details to you. It was such a gift for us all to be able to enjoy the evening and really experience the moment without worrying if the guests were all being tended to.

People commented that the night felt like a New York City society party but without the pretense – which was just what I wanted! Classy and elegant, yet fun and warm. You worked with us to accommodate every whim yet still carried off the event with your own class and style – and for such an affordable price.

Thank you so much. It was an unforgettable evening and we would recommend you to anyone.

Sincerely,

Kate and Adam Hand
